## AQUASWITCH-24

**Item Number 4678546**

A reliable switch for changing water levels. The electronic sensor sends a signal to valves, pumps and alarm systems when the water level exceeds a defined level.

- Sensitive electronic sensor technology
- No blocking of floats by dust, insects or other obstacles

### Technical Data

<b>Material</b>	ABS
<b>Color</b>	yellow (RAL 1023)
<b>RoHS Conformity</b>	1
<b>RoHS Conformity</b>	Yes
<b>Operating Temperature Range</b>	32 – 158 °F
<b>Water Temperature Range</b>	32 – 122 °F
<b>Voltage</b>	24VDCAC
<b>Frequency</b>	50 / 60 Hz
<b>Ingression Protection</b>	IPX7
<b>Cable Length</b>	20 "
<b>Alarm Relay</b>	5A 250VAC 1250VA
<b>Water Level</b>	25/64" nom., 15/65" min., 35/64" max.
<b>Packaging</b>	Blister
