Acknowledged globally

32525-5/16"SAE

Item Number 4687740

Schrader-valve tool with 5/16" SAE connection for R410a/R32, with rotatable outlet 1/4" SAE. Eliminating the schrader-valve allows a higher flow rate, saving you valuable time during evacuation and filling. The shut-off valve allows you to replace a defective schrader-valve - even in systems under pressure.

- Fast evacuation and filling
- Safe removal or replacement of schrader-valves - without loss of refrigerant
- Vacuum tight
- Swiss Made

Technical Data

Material	Aluminium | Brass | Plastics
Color	pink | bare
Number of Pieces	1
Connector A	5/16" SAE or 1/2"-20 UNF | Valve core | Inside thread
Connector B	1/4" SAE
Connector C	5/16" SAE or 1/2"-20 UNF
Working Pressure	870 psi
Packaging	Blister
