HY-TELL

Item Number 4688017

The hydraulic tube bender processes soft copper pipes with diameters from 1/4" to 7/8". With the help of the "Angle Master" the bending radius can be read off. The low weight, the ergonomic shape and the straight underside for placing on the workbench make the work much easier.

- With bending angle aid
- Little force required for tube bending
- Stable support on the table
- Easy and fast tool change
- Weight: 2.7 kg
- Delivered in a sturdy plastic case

Technical Data

Material	Steel
Color	black | yellow | bare
Tube Diameter	6 - 22 mm
Packaging	Sturdy plastic case
Tube Material	Copper | Brass | Plastics
Tube Diameter 2	1/4 - 7/8 "

Spare Parts
