Item Number 9884481

Bellow type pressure gauge for high demands in a robust aluminium housing with evaporating temperature scales. Bellow-type pressure gauges are extremely accurate and extremely safe against overpressure. Due to the oil filling, the pressure gauge has reduced pointer vibration for more accurate reading. This also results in a significantly extended life time due to the damping effect and lubrication.

- High accuracy class 1.0
- Robust aluminium housing
- Zero point adjustment from top of the housing
- Oil-filled for low vibration reading and longer life
- Overpressure protection
- **SWISS MADE**
