REFVAC-RC

Item Number 4688541

The REFVAC-RC is the optimal device for checking the evacuation process on the construction site or in the laboratory. The device scores with its high accuracy and communicates wirelessly with the REFMESH™ App and the REFMATE™, so that long-term measurements are possible with it. With the help of the REFMESH™, all measured values are compiled in a detailed report.

- Integrated display
- High precision
- High resolution in low vacuum
- Wireless communication
- Signal range 300 ft
- Intuitive handling
- Flexible power supply

Technical Data
