AQUASWITCH.0066.9

Item Number 3000543

A reliable switch for changing water levels. The electronic sensor sends a signal to valves, pumps and alarm systems when the water level exceeds a defined level.

24 V, 5ft cable

- Sensitive electronic sensor technology
- No blocking of floats by dust, insects or other obstacles

Technical Data

Material	ABS
Color	yellow (RAL 1023)
RoHS Conformity	Yes
Operating Temperature Range	32 – 158 °F
Water Temperature Range	32 – 122 °F
Voltage	24VDCAC
Frequency	50 / 60 Hz
Ingression Protection	IPX7
Cable Length	5 ft
Alarm Relay	5 A 250 VAC 1250 VA
Water Level	25/64" nom., 15/65" min., 35/64" max.
Packaging	Joker Bag
