

## 21732

**Item Number 4688925**

The combined oil pump pumps oil from the oil tank directly into the compressor crankcase. The supplied hose also enables the evacuation of the compressor oil.

- No evacuation of the compressor necessary = 70 % reduced filling time
- Air and moisture stay outside
- Capacity per pump stroke: 1.7 oz
- Suction tube: Ø 5/16", length 11.4"
- For use up to 87 psi
