VAMP-CK

Item Number 3004256

The compact corner condensate pump
VAMP-CK is the dedicated solution for new installations in corner ducts – featuring a clever design and minimal space requirements.
The specially developed corner piece enables precise and secure mounting.

Thanks to its refined shape, the fastening components remain hidden – for a visually clean installation close to the indoor unit.

Flexible duct connection:
VAMP-CK is supplied without a bulky duct. Instead, it is compatible with common duct systems that can be added by the HVAC professional – allowing for an especially compact and tidy installation directly at the air conditioning unit.

Also ideal for replacing existing setups:
An optional adapter enables fast electrical integration – no rewiring required. The existing cable can continue to be used. The installed duct and all standard plastic components remain in place. Only the pump and the corner piece are replaced – along with a flexible corner hose to connect to the condensate tray.

Whisper-quiet, precise, powerful:
With a sound level below 18 dB(A), VAMP-CK is whisper quiet – ideal for noise-sensitive environments.
The optical sensor ensures accurate water level measurement and low-maintenance operation.

- Compact design: Smallest corner piece with minimal gaps – no visible snap hooks
- Easy and secure pump installation
- Optional adapter: For electrical connection without rewiring
- Compatible with common duct systems

REFCO Manufacturing (US) Inc.

Certificate
ISO 9001 / ISO 14001

- Expandable corner hose: Integrates filter, adapter, and water reservoir
- Whisper-quiet operation: Below 18 dB(A) thanks to diaphragm technology and vibration damping
- Pump capacity: Up to 6 gallon per hour
- Discharge height: Up to 50 feet
- Optical level sensing: Precise and resistant to interference
- Integrated switching power supply: Universal operation with 100–240 VAC
- Sustainability: Housing made from plant-based material
- **Manufactured in Switzerland**

Technical Data

Material	Polyamide | FR-4
Color	black
Standards	IEC 60335-1, IEC 60335-2-41,
RoHS Conformity	Yes
Type	Diaphragm type
Operating Temperature Range	37 °F – 104 °F
Storage Temperature Range	-4 °F – 158 °F
Water Temperature Range	37 °F – 104 °F
Voltage	100 - 240 VAC
Frequency	50Hz/60Hz
Protection Class	II
Ingression Protection	IP44
Energy Consumption	6 W
Max. Flow Rate	6 GPH
Max. Discharge Head	50 ft
Noise Level	18 dB(A)
Alarm Relay	Normally-closed, failsafe 250 VAC, 5 A or 30 VDC, 5 A
Tube Diameter	1/4 "
Packaging	Cardboard box
Scope of Supply	Pump Corner hose with filter Corner Seal Kit Bag including Vibrastripe and Foam

Certificate
ISO 9001 / ISO 14001

	Anti-siphon valve Installation cable Corner (front & back) Quick guide
Max. Horizontal Run	246 ft at 0 ft head and 0 ft suction
Power Consumption Idle	6 W

Accessories

3004252	AP-mL/3	Adapter for VAMP condensate pumps, 3 pcs.
3004257	SM-ALL/3	Adapter for VAMP condensate pumps, 3 pcs.
3004253	SCM-FWD/3	Adapter for VAMP condensate pumps, 3 pcs.
4689101	AP-mO/3	Adapter for VAMP condensate pumps, 3 pcs.
3004258	AP-mA/3	Adapter for VAMP condensate pumps, 3 pcs.
4679160	PVC-TUBE	Plastic tube 6 mm, 30 meters, 1/4"
3004186	STAR-TUBE-600	Yellow star tube, 15m / 600 inches
3004087	KIT-4087	Star tube with Siphon device
4678597	IN-LINE FILTER	Filter for condensate water

Spare Parts

3004255	VAMP-C	Replacement corner condensate pump with integrated reservoir and optical level sensor for installation in duct corners
3004299	CORNER-HOSE/2	Expandable corner hose with filter, 2 pcs.
3004328	ANTI-SIPHON/4	Replacement high flow anti-siphon, 4 pieces
4689089	CP-INSTALLATION-CABLE	Installation cable for VAMP condensate pumps
